

### Spoken Language

Children from Barons Court will be immersed in a depth of experiences which will nurture and support their holistic development in an expressive and collaborative way. Children will be successful and confident communicators.

### Computing

Children from Barons Court will gain the thinking skills to tackle problems logically. We will give them the skills to drive solutions for future innovation.

### Physical Education

Children from Barons Court will be physically literate and know how to keep their mind and body healthy. They will be exposed to a range of sporting experiences to give them the chance to achieve their best.

### Outdoor Learning

Children from Barons Court will be provided with memorable, relevant experiences which allow them to learn in an environment where risk management and self-awareness is at the heart.

### MFL

Children from Barons Court will build an understanding of different cultures and will develop their skills and confidence when exploring a new language.

### Maths

Children from Barons Court will develop a secure understanding of maths, equipping them with the skills of calculation and problem solving they need in life beyond school through every day contexts.

### Art

At Barons Court, our art and design curriculum fosters creativity, encouraging students to explore with an open mind. They are encouraged to describe differences and similarities between different practices and disciplines and the artists they study. Through this, they develop original and purposeful artworks, reflecting on their own identity and understanding of the world. Our learning environment celebrates self-expression and growth, nurturing artistic potential from Early Years to Year Six and beyond, celebrating the diversity and vibrancy of our school community.

### History

Children from Barons Court will understand the impact of significant people and events that have shaped our world. They will explore what has happened in the past, asking and answering questions to find out more.

### Geography

Children from Barons Court will understand our place in the world and local community. They will become geographers and explore geographical features through innovative learning and outdoor experiences so that they are inspired by the world around them.

### Religious Education

Children from Barons Court will be introduced to the richness and diversity of faiths, religions and worldviews as represented within the city of Southend, in Essex and other neighbouring areas, across the United Kingdom and the wider world. They will be engaged in systematic enquiry into significant human questions which religion and worldviews address, so that they can develop the understanding and skills needed to appreciate and appraise varied responses to these questions, as well as develop responses of their own.

### English

Children from Barons Court will be successful communicators. Through stimulating experiences and exposure to rich literature the children will become readers through writing and writers through reading.

### Science

Children from Barons Court will develop critical thinking. They will be stimulated by problem solving and working scientifically so that they are excited to question the world around them.

### Music

Children from Barons Court will value the music of our community and the wider world whilst acknowledging and appreciating the history and traditions behind it. Children will listen, appreciate and explore creative musical experiences to develop their musicianship and performance skills. We value Music at Barons Court because it is part of our daily lives and is accessible to all.

### PSHE

Children from Barons Court will become valued members of our community. They will develop the skills and attributes to make positive life choices.

### Design Technology

Children from Barons Court will be inspired by engineers, designers, chefs and architects and be given the opportunity to be creative and innovative – designing and making products that they believe will make a difference to the global community.

Developing our head and body: **What we learn**  
Developing our hearts and character: **Who we are**  
Developing our actions and attitudes: **How we live and learn**  
Developing our moral compass: **Where we fit in the world**

Barons Court Primary School and Nursery - the core of a collaborative, creative and confident community, making a difference and shaping lives.
